Subject Matter Preparation

- For certification as an **Chinese** teacher, current regulations require that applicants complete a minimum of 30 credits in a coherent sequence in the subject field of **Chinese**. Please provide a course description if a course is not taken from the **Chinese** Department. Courses in pedagogy/education are not accepted towards the subject matter preparation. The final determination as to which courses will be counted towards the **Chinese** subject matter is based on professional and content standards found in the NJ Licensing Code. **All credits must appear on a regionally accredited 4-year college/university transcript. If courses are taken at a community college, those credits must be transferred to a regionally accredited 4-year college transcript.**

Professional Teacher Preparation

- Current regulations for certification require that applicants complete a coherent sequence of study in professional education which may be completed in a provisional teacher program or an approved teacher preparation program. This is to advise that courses presented by the applicant in professional education must be a coherent sequence of courses that culminates in supervised student teaching.
